

Bozeman Swing presents:

Lindy at the Beall

CLASS INFORMATION

Classes run 5 consecutive Thursdays (except May 6th) beginning **April 29th, 2010** at the Beall Park Recreation Center. Our classes focus on lead-follow technique. We do teach moves, but the goal is to learn the tools for improvisation, rather than established patterns. An hour of free practice will follow the lessons at 8:30pm.

Lindy Fundamentals is ideal for students who have little or no swing dancing experience and want to start learning to dance with a solid foundation. This class will get you moving and give you the confidence to execute moves on the social dance floor. 6:30-7:30pm

Lindy Hop A covers the basic 8 count patterns of lindy hop. Knowledge of 6 count swing is required. 6:30-7:30pm

Lindy Hop C will be a drop in lesson for anyone who has already taken Lindy A or Lindy B. Each class will focus on a different move and set of variations (ex: tuck turn, dips/lunges, spins), while continuing to improve your lindy technique. 7:30-8:30pm
