

Bozeman Swing presents:

Lindy at the Beall

CLASS INFORMATION

Classes run 5 consecutive Thursdays (except September 23rd) beginning **September 9, 2010** at the Beall Park Recreation Center. Our classes focus on lead-follow technique. We do teach moves, but the goal is to learn the tools for improvisation, rather than established patterns. There will be a half an hour of free practice between the intermediate and beginner lessons.

Lindy Fundamentals This class will begin with the basic fundamental dance patterns of 6 & 8 count swing. The Lindy Swing Out will be part of this class. If you have not learned the Swing Out or need a refresher on the basics, this class is for you! A basic vocabulary of jazz moments will be introduced to improve your styling and add to your basic patterns. Lindy Fundamentals will emphasize solid technique to help your swing dancing look and feel great 8:00-9:00pm

Intermediate Lindy Hop is for students who are already comfortable with the basic 8 count swing out. We will review, drill, and perfect the moves we worked on in previous Lindy B & C classes. Covers lindy turns (texas tommy, tuck turns, etc.), syncopations, and charleston. 6:30-7:30pm
